

Minutes Plainfield Planning Commission

Monday March 15 2021

Present: Will Colgan, Baylen Sky, and Jesse Cooper.

Call to order

Approval of minutes

Jesse moved to approve the minutes from the previous meeting. Baylen seconded the motion and the motion was approved.

Will read the list of items he summarized from the recent Select Board hearing on the town plan.

These were the changes he had and will send these to Zach at the CVRPC to incorporate into the PDF copy:

- Describe the Town Forest as just Town Forest located on Gonyea Road and accessed by both Gonyeau and Maxfield roads.
- Include the statutory definition of "should" in the introduction
- Include a list of Special Thanks to the cover page along with updated PC members
- Change the description around housing and Goddard College
- Modify the tree removal goal if Sasha would like to come up with specific language around that.
- Modify the timelines for the goals by adding time and staggering the end dates.
- Change the title to 2021 Town Plan.

There were no additions to the changes and they will be sent to Zach and hopefully have the final draft later this week.

Meeting was adjourned at 7:35
