Plainfield Zoning Permit Application—side 2

C Site Plan: All applications must include a site plan showing the dimensions of the lot, the location of all existing structures, development (driveway, well, septic field), water bodies, and all proposed structures and development on the lot. Indicate the setback distances from roads, property lines, and surface waters to the nearest structures. The applicant is responsible for determining the property lines and setback distances.

For a Sign: Submit the text, graphics, size, and a site plan map of the sign location on the building or lot.

For a Subdivision: Was this parcel created after March 2004? Yes No.
For subdivisions and boundary-line adjustments, submit a sketch plan as per the Subdivision Regulations, *Article II Subdivision Review Procedures*.

For Construction projects: In accordance with 24 VSA §4414 (13), no use under this zoning permit may begin until a wastewater and potable water supply permit is issued under 10 VSA Chapter 64. In addition to the site plan map, an elevation is required for most commercial building proposals. Please answer the questions below for all construction projects:

Is any portion of the building rented?..... Yes No

Will project require an access permit (driveway opening)? Yes No

Will project disturb, grade, or excavate more than one acre of land? Yes No

Will project result in increased water or sewer flow? Yes No

Does project require an Act 250 permit amendment? Yes No

Maximum building height: 23'-5 1/16" feet

For residential structures, please indicate:
 Single-family Two-family Multiple units

For all projects involving single-family houses:

	<u>Existing Rooms</u>	<u>New Rooms</u>
# Bathrooms	<u>2</u>
# Bedrooms	<u>3</u>
# Kitchens	<u>1</u>
