

1. Bisson Cemetery - lots of stones that need to be straightened.
Our plan is to meet July 5, 2017, at 5:30. We will meet the Cemetery.
Everyone bring shovels.

2. Center or Bartlett Cemetery - three stones are in great need of repair.
Greg will look into one stone, and Ed will be talking to someone about the other two.
Hedges need trimming.
We inspected the tree work.

3. Plain Mont Cemetery - many bushes need trimming back,
especially the Lilac bush on the back right side.

We discussed purchasing a trimmer for the Cemetery commission.
Paula offered to trim the bushes back twice a year (spring/fall).
