

**December 20, 2023**

**Plainfield Conservation Commission Notes**

**Present:** Rose Paul, Becky Atchinson, and guest: Maureen Lynch

November 15 Minutes: There was no quorum, so they will be approved at the January meeting.

**Plant Sale:** There was a lengthy discussion and it was decided that due to a variety of reasons

including logistical concerns, that we will not hold a plant sale this year.

**Rain Garden:** Becky mentioned hearing from Michele Braun (Friends of the Winooski) about our concerns about the rain garden at Mill Street Park. Michele said that the fact that it is collecting a lot of sediment and the town is able to scoop it out annually is great. Becky will follow up with the road foreman to see what his ideas are for the rain garden, to help keep sediment out of the river.

Respectfully submitted,

Becky Atchinson
