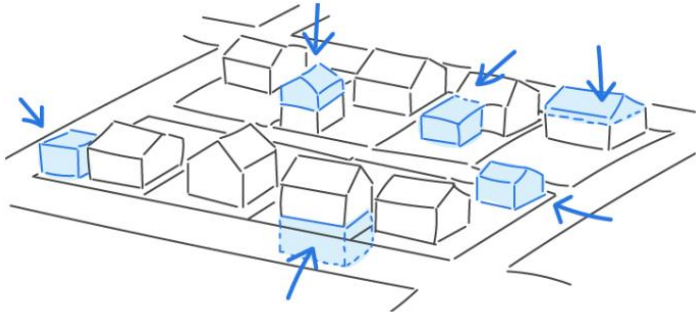
Who we are

The Plainfield Housing Advisory Committee formed in January of 2026 to advise the Plainfield Selectboard and develop ways to create more safe and affordable housing opportunities.



What we have done

- Drafted a vacant and dilapidated housing ordinance
- Learned about resources to expand or improve already existing structures
- Discussed possible locations and opportunities for new housing

Home repair/code improvements

What we have learned

There are many funding opportunities for homeowners whose buildings need repairs or who have interest in creating Accessory Dwelling Units (ADUs) on their property. Please contact us for more information.
