Bram will use the WordArt program for summarizing the results from the survey.

Sarah has a quote for the costs of the mapping. After the 12 free hours the total cost is \$968. Bram made a motion to approve the 11-26PD quote with the total of \$968.

Jesse seconded the motion. The motion was approved.

Bram will check with Linda about what is left in budget and if the money is there we can go ahead with the maps.

Bram will send out a summary of the survey this weekend.

Will said that once the Selectboard has taken a look at the document we can go ahead and schedule a public hearing.

Will can check to see if the drafts can be emailed to the neighboring towns.

Sarah can summarize the recent well data from the Agency of Natural Resources.
